// BAPTIST B. Collection FW 15/16

Rough City Streetwear - Gang culture look of the 90s meets Scandinavian clarity! Washed up jersey jackets, low crotch trousers, monochrome longsleeves and shirts, butch vests, jogg jeans, coarse knit sweaters and biker jackets made of a material mix are the highlights of this seasons collection. Our new heritage line presents tweed jackets with fur collar, „rugged cut“ tweed vests, chalk strip wool suits, fieldjackets and parkers with snow smock attitude.

Special fabrics, destroyed effects, the raw-edged workmanship and workwear elements are the key elements. The color range of anthracite, mud-olive and cold-blue create a puristic impression.

// The Brand

It all started in 1908 when Johann Baptist Bieber founded his custom tailor atelier in Aschaffenburg. Now we keep the tradition and bring the values and quality in today's life.

We love the life and like to share our passion for music, art, travel and pleasure trough the label and fashion of BAPTIST | B..

Designed in Germany, produced in Europe.
